

Bast Reiki for Cats

Great grand-mistress Jade; has channelled the purrfect method of Reiki for cats.

Contacting Bast, the ancient Egyptian cat goddess who has spent many hours teaching Jade this exciting form of Reiki. This is powerful ancient method, is based on deep meditation, contemplative reflections in bowls of water and finding the highest resonance of the purr through the mantra **Om Meow Patmy Tum**.

With this new energy you will be given a mantra to help heal others, and a set of symbols to improve your well being and level of contentment, and to gain self mastery with humans.

With each degree(called paws) you receive a symbol, cats are more highly evolved than humans and are able to work with more complex forms of energy.
